EXPERIENCE

Software Engineer

Hidden Brains Info Tech Private Ltd

Jan. 2023 - Present

Ahmedabad, India

- Developed and maintained **full-stack** web applications using **Python (Django, DRF)**, **PHP** (CodeIgniter), and frontend technologies (HTML, CSS, **JavaScript**, jQuery); optimized **MySQL** and **PostgreSQL** databases for scalability and performance.
- Integrated **AWS** services (S3, Lambda, SNS, SES) for cloud solutions and implemented **Docker**-based containerization, **RabbitMQ** messaging, and Git workflows to build scalable, **asynchronous** systems.

PROJECTS

Transport Management System | Django, JavaScript, PostgreSQL, Open Ai Api, Rabbitmq, Docker

- Led technical development**, coordinating with BA and QA teams, and reporting progress to management.
- Built a transport order system with **AI-powered** email processing (**OpenAI** API), automated order creation, secure **SFTP** delivery, and Azure Blob Storage for scalable document handling.
- Implemented async workflows with **RabbitMQ**, containerized services with **Docker**, and boosted query performance by **70%**.

Smart Fuel Stations | PHP, CodeIgniter, HTML, CSS, JavaScript, MySQL, Rabbitmq, Docker

- Developed and maintained a web platform to streamline **fueling station** operations, integrating automation and real-time tracking for improved efficiency.
- Implemented features such as sales recording, reconciliation, inventory management, tank gauging, and automated fuel dispensing.

Other Projects:

- AI Chatbot** – Built an OpenAI chatbot to improve English conversation with voice support.
- Home Automation (IoT)** – Created an IoT-based system to remotely control home appliances.
- Web Pulse** (Ongoing) – Building a monitoring tool to check website uptime and performance with real-time alerts.

EDUCATION

Bansal Institute of Research & Technology [RGPV]

Bachelor of Technology - Electrical and Electronics Engineering: **CGPA: 8.38**

Bhopal, India

Aug. 2019 - May 2023

ACHIEVEMENTS

- Solved **400+ DSA** problems: LeetCode (300+), Coding Ninjas (50+), GFG (50+)
- Certified in Arduino Programming by SOFCON India Pvt. Ltd.

TECHNICAL SKILLS

- Languages:** Python, JavaScript, PHP, HTML, CSS
- Databases:** PostgreSQL, MySQL
- Frameworks:** Django, DRF, CodeIgniter, jQuery, Bootstrap
- Cloud/Tools:** AWS (S3, Lambda, SNS, SES), Docker, RabbitMQ, Git, Supervisor
- Other Skills:** REST APIs, DSA, Automation, Arduino Programming
